

Advanced Manufacturing

TRAINING EVENT

ISO 9001:2015 INTERNAL AUDIT TRAINING

This 3-day workshop is designed to introduce participants to the ISO 9001:2015 quality management system, the auditing process, audit instruments and the documentation process.

Participants will learn how to conduct an audit, write the audit report, and take corrective action. Using a combination of lecture, discussion and auditing case studies, participants will develop skills for identifying non-conformance and promoting continual improvement within their service or manufacturing organizations.

Course Objectives:

- Understand ISO 9001:2015 QMS and the underlying Quality Management Principles
- Understand the organizations products, services and processes – and how they relate to the Quality Management System
- Gain the ability to apply the principles, procedures and techniques of process auditing
- Apply the personal attributes necessary for effective and efficient internal auditing

Instructor: Kevin Smith HCS, SPHR
President and Owner , Leaderstone

Mr. Smith is a performance management consultant and certified Human Capital Strategist (HCS). He has spent the majority of his career assisting leaders in improving organizational performance and maximizing human resources.
