

Manufacturers who implement lean often see significant results after initial training and running some key events. For many, it's a challenge to continue the efforts and engage all of your employees in continuous improvement. Lean Together™ is an ongoing collaborative learning program focused on developing true and lasting cultural changes, where everyone's job is making small incremental improvements- everyday.

Lean Together™ and 2 Second Lean™ - two elements blended with one goal in mind
- Continuous Improvement with exponential growth!

Lean Together™ 1.0

This program is designed for manufacturing companies to study and implement concepts from the book, *2 Second Lean*, by Paul Akers. The agenda provides a structured approach with practice and collaborative learning along the way.

- 9 monthly / 2 hour sessions (educational curriculum and facility tours)
- "Book club" discussions of the *2 Second Lean™* book by Paul A. Akers (copy of the book included)
- Facilitated tour at companies successfully implementing 2 Second Lean in their culture
- Sessions facilitated by accomplished Lean expert Craig Corsi
- 1:1 onsite assistance for each company- at your facility (2 sessions / 2 hours each)

Advantages:

- Structured approach with practice along the way
- Collaborative learning with peers
- Share and test ideas with peers and an expert group leader
- Accelerate your understanding and experience
- Tailor discussion topics to your specific situation(s)

"Lean Together has helped our employees realize that working together as a whole group, and gathering multiple ideas from each other, makes us a stronger and more productive team. As a result, multiple new production records have been set."

Debbie Neal, CFO, Franklin Industries

Monthly
\$300
(2 seats)

New Lean Together™
Group starting
July 2019
8:30-10:30am
